

DOWNFALL OF HUERTA SEEMS TO BE NEAR

(Special to The Eagle.)
Vera Cruz, May 5.—All American outposts were strengthened today by General Funston because of the increase in numbers of Mexican fed-erals lying west and northwest of the city. Admiral Badger was asked to hold sailors in readiness for further operations on land. It is reported that artillery and several thousand troops from Mexico City have joined Gen. Maas in the last twenty-four hours.

Zapata, after securing munitions as a result of his professed alliance with Huerta, has turned against the dictator and issued a proclamation saying that he will capture the capital in a few days and execute Huerta and Minister of War Blanquet. Huerta's downfall is thought to be near.

O'SHAUGHNESEY LANDS AT NEW ORLEANS, LA.

(Special to The Eagle.)
New Orleans, La., May 5.—Nelson O'Shaughnessey arrived early today on his way to Washington.

"I'm dam glad to get back in the United States," said O'Shaughnessey. "I don't expect to go back to Mexico; they usually send back a new man. The situation was acute when I left. Huerta held up my mail and telegrams two days."

O'Shaughnessey received a telegram from Secretary of State W. J. Bryan ordering him to Washington at once. He will leave at 9:35 tonight. This is his old home. He is visiting friends today.

T. A. Davenport, wife of a downtown grocer, shot and killed herself on a street car this afternoon. She was on her way home at 1812 Fifteenth Avenue North, when within two blocks of her home she drew a revolver and fired bullet into her breast. Motive unknown.

HOW HUERTA HAS PREPARED TO DEFEND HIMSELF

Washington, May 5.—Will the Mexicans fight? The case with which the marines landed in Vera Cruz has led many Americans to conclude that the march to Mexico City would be a simple matter, more or less of a parade. But the heads of the army and navy here are suffering under no such delusion. It is generally and quite correctly taken for granted that the United States will win in the end but victory will come on vanishing the flower of the descendants of the proud Spanish conquerors, that small fraction of the Mexican nation which possesses almost all the property of the country, which is not in the hands of foreigners and which holds the power almost in serfdom.

Huerta's principal reliance is the cultured upper-class. They don't love Huerta, but they love Mexico. They will fight.

Huerta's principal weakness is the vast poor class, sunk in ignorance. They will fight and run away to fight another day.

The poor possess no such national spirit as even the lowliest American workman. They must be impressed into Huerta's army. They cannot be disciplined. But they are cruel and bloodthirsty, like their ancestors who offered human sacrifices on stone altars in Montezuma's time, and they will wage guerrilla warfare long after the principal cities are in the hands of the United States.

In his desperate efforts to arm himself against the Constitutionalists and the vaster peril which has now materialized, Huerta has sent squads from the tried troops he kept as his body guard in the capital to impress men of the nearby Indian villages which cluster in the valley of Mexico.

MEDIATORS FAIL TO PUT STOP TO HOSTILITIES

(Special to The Eagle.)
Washington, May 5.—Latin American mediators have failed to accomplish their chief aim—cessation of hostilities in Mexico. Whether they will bring peace between Huerta and the United States is problematical.

The military aspect is more prominent today as a result of Funston's report of Mexican activity outside Vera Cruz. Preparations are being made to send reinforcements to General Funston.

WEARERS OF THE GRAY ON WAY TO REUNION

(Special to The Eagle.)
Jacksonville, Fla., May 5.—The twenty-fourth annual reunion of the United Confederate Veterans, Sons of the Confederate Veterans and all the allied organizations will start here tomorrow and continue three days.

The first feature of the reunion will be a parade exclusively for the Sons of Confederate Veterans, their spouses, maids of honor and chaperones. The parade will be given the first day of the reunion. Next day there will be a parade for maid and sponsors. In flower-laden automobiles. The plan is to decorate the route with red and white bunting. Banners to represent the colors of the Confederacy.

The veterans parade will be given the third and last day of the reunion. It will be exclusively for the veterans and official ladies. All of the veterans who care to ride in automobiles, will be accommodated that way. Others will be on foot and horseback.

Extensive preparations have been made by the state committee on nursing service for the American National Red Cross to handle all of the medical relief work during the reunion.

The committee has established six medical relief and emergency stations in various parts of the city. The stations will be in charge of experienced physicians and nurses. In addition to local nurses, twenty nurses of the American Red Cross Society will also be here to assist in the work.

It is known that with the city crowded to the utmost, the importance of such work is by no means small. On the contrary, the establishment of such stations and the presence of the Red Cross workers, is a powerful safeguard to the peace of the aged and infirm veterans.

A prominent entertainment feature of the week will be May Day festival of public children in one of the large parks of the city. Jacksonville will be brilliantly lighted with thousands of electric lights, and many electric coronations.

DAN LEHON, BURNS AID UNDER BOND

(Special to The Eagle.)
Atlanta, Ga., May 5.—Dan Lehon, Detective Burns' chief aid, was today held on a thousand dollar bond to await the grand jury investigation into the Ragdale bribery case in connection with efforts to secure a new trial for Leo Frank.

Det. Dorney said indictments would be returned against men guilty of crooked work. "Even men higher up."

The state continued presenting affidavits in efforts to prevent a new trial for Frank. The defense may start rebuttal this afternoon.

(Special to The Eagle.)
Mexico City, May 5.—(Code dispatch via London.)—Anti-American demonstrations resumed last night, continued today. Fears foreigners will be attacked tonight as a culmination of the celebration of the overthrow of Maximilian. Troops are guarding the city and have been reinforced at important points.

The meeting was attended by Mayor Joe Baker, President of the Council R. D. Crawford, and Aldermen O. R. Morgan, R. T. Ghent, R. P. Picher, W. R. Bonham, L. C. Eselle, A. E. Garner, and A. J. Whiddon.

E. R. Malone sent in his resignation as a member of the school board because he will leave for Pensacola, Fla., to become cashier of a bank there. O. R. Morgan succeeded Mr. Malone on the school board.

The resignation of City Attorney E. H. Hill was read and rejected by the council. Mr. Hill later, through Alderman Whiddon, making the announcement that he would serve the remainder of the term only on condition that his salary be raised from \$400 to \$600. The matter was deferred for further action.

It was brought out that Dr. T. M. Malone, the election of officers took place. O. J. Tompkins being elected president; R. C. Clark vice president; Fred H. Martin, secretary-treasurer. A board of governors were elected with Chester W. Newton as chairman. The two are C. W. Newton, R. F. Valentine, J. L. Jordan, F. N. Whitford, H. J. Flynn, W. McCarty, F. McCarty, J. M. Reeves, H. H. Southwood and John Crawford.

VETS OFF FOR JACKSONVILLE

In the highest of spirits and anticipating a great time, about forty Confederate Veterans most of whom are members of Camp Bartow, the local organization, left this morning on the 10:20 Coast Line train for Jacksonville, to attend the annual reunion.

The veterans began to gather at the passenger station a good while before the train was due, and found chairs in the Dothan coach, with which the occupants were well pleased. The coach had soft cushioned chairs, and was pleasing and satisfactory in every respect.

Officers of Camp Bartow to make the trip are John Brown, the secretary and Ivins Grier, the treasurer. Probate Judge A. C. Crawford and some of his family, and Mrs. R. T. Ghent, of the United Daughters of the Confederacy, had chairs in the coach. The Dothan car was in charge of Julius Merrill.

Besides the Dothan party, about fifteen veterans were expected to get on at Ashford, the seating capacity being about seventy-two. Judge Crawford said that seventy-two would be in the Dothan coach when it reached Jacksonville.

T. T. Minchener of Troy, a member of Camp Kiffin, said he thought he was fortunate in having been successful in obtaining reservation in the Dothan coach. He said he had property interests here, and although a citizen of Troy, was interested in the growth and development of this section.

The party will return about Saturday.

YOUNGER MEN ORGANIZE CLUB

Twenty-six enthusiasts, having the zeal to try and the courage to stick, met last night and perfected an organization to be known as the Young Men's Club of Dothan, its purposes for good being manifold.

Although it was opening night for a new theatre, the young men put aside their mimic inclinations and donned their parliamentary rags and got up and "rearin' to go" for it was election night for the Young Men's Club. Arriving at the scene of action, many a headless youth cast his first ballot to save the flag, those being boarded also joined in the process of selection and elimination.

The first thing was the adoption of the Constitution which was passed like a Ford on Foster Street on Joy night, the only accident being a slight friction which was amicably adjusted. The committee being sustained in its ponderous "pondering" felt somewhat relieved.

Many of the prominent gentlemen expressed their promised cooperation, dropping in a funny saying as a side pointer, to the delight of those who applauded vigorously.

The election passed off as peaceably as Bryan, the defeated nominee also being awfully "hope up" and inwardly inspired, which was taken to spell "all together."

The club purposes to help Dothan along worthy lines outside of party politics which might not be worthy. The constitution provides for the social development of the members.

The time being ripe and the occasion being auspicious, the election of officers took place. O. J. Tompkins being elected president; R. C. Clark vice president; Fred H. Martin, secretary-treasurer. A board of governors were elected with Chester W. Newton as chairman. The two are C. W. Newton, R. F. Valentine, J. L. Jordan, F. N. Whitford, H. J. Flynn, W. McCarty, F. McCarty, J. M. Reeves, H. H. Southwood and John Crawford.

MAYOR URGES RETRENCHMENT

The auditor's report on the affairs of the city shows that the municipality owes \$26,000. Besides bonded indebtedness, and in view of this fact, mayor Joe Baker urged retrenchment at a meeting of the city council last night.

The meeting was attended by Mayor Joe Baker, President of the Council R. D. Crawford, and Aldermen O. R. Morgan, R. T. Ghent, R. P. Picher, W. R. Bonham, L. C. Eselle, A. E. Garner, and A. J. Whiddon.

E. R. Malone sent in his resignation as a member of the school board because he will leave for Pensacola, Fla., to become cashier of a bank there. O. R. Morgan succeeded Mr. Malone on the school board.

The resignation of City Attorney E. H. Hill was read and rejected by the council. Mr. Hill later, through Alderman Whiddon, making the announcement that he would serve the remainder of the term only on condition that his salary be raised from \$400 to \$600. The matter was deferred for further action.

It was brought out that Dr. T. M. Malone, the election of officers took place. O. J. Tompkins being elected president; R. C. Clark vice president; Fred H. Martin, secretary-treasurer. A board of governors were elected with Chester W. Newton as chairman. The two are C. W. Newton, R. F. Valentine, J. L. Jordan, F. N. Whitford, H. J. Flynn, W. McCarty, F. McCarty, J. M. Reeves, H. H. Southwood and John Crawford.

"Old Comer" Says:

"I will urge the abolition of the County Back Tax Commission, retention of the 90 per cent. tax valuation, and will insist upon rigid economy in the administration of the affairs of the State.

"If elected, I will urge the appropriation of a sufficient amount to educate our farmers, and especially the boys, in the use of intensive methods in farming.

I will insist upon the largest possible appropriation for the common schools of the country, so as to give the country children a full nine months' term with comfortable homes in which to be taught.

"I favor liberal appropriation for pensions to Confederate soldiers.

"I appeal to you to join with me and assist me in the great work of removing our Capital from Louisville, Ky. back to Montgomery."

"B. B. COMER."

And "Old Comer" will do what he says. "Old Comer's" administration was over \$5,000 a day more economical than O'Neal's. O'Neal is against Comer.

STANDARD COTTAGE

IN YOUR BONNET?

Many people love to fish, and would spend a few days catching fish if they knew where to go. Idlewood (on the Dead Lakes) is one of the best fishing points in Florida. Many people of Dothan have been there. Ask them—

How is the fishing?

How are the accommodations?

What kind of boats do they furnish their guests to fish in?

How could you reach the place?

The rates at the Idlewood Hotel and Cottages, is \$10 a week, which includes fishing tackle, boats, etc., for fishing.

You can leave here over the Bay Line at 2:15 and get to Idlewood at 3:30 via Marianna, come evening. Or you can drive through in automobile in about six hours, as the roads are good all the way.

So where can you get a week's good fishing for such a small outlay of money?

100 OFFICERS ATTENDING

SCHOOL AT MONTGOMERY

Lecture on "Customs of the Service" First Thing on the Program.

Montgomery, Ala., May 5.—With an attendance of about one hundred officers from every section of Alabama, the annual officers' school of the Alabama National Guard started off yesterday morning at the splendid new grounds near the Country club. The camp is one of the prettiest ever established, a model of neatness and arrangement. There are about fifty tents, so arranged that officers of the respective regiments are in rows with their commanding officers heading the lines of canvas.

Adjutant General J. B. Scully is the commanding officer of the camp. Other officers are: T. C. Locke, adjutant; Dan Hudson, quartermaster; J. Hunt Taylor, commissary; Dr. Sam Billing, surgeon; Capt. W. P. Scrows, U. S. A., is chief instructor, while the associate instructors are: Lieutenants Castleman, Brabson, and Kendrick, of the United States Army.

The school began at 7:30 o'clock Monday morning with a lecture on "Customs of the Service." At 9 o'clock instruction was given on "Property records and Paper," and at 1:30 p. m. the officers were coached on "Progressive Instruction of a Company." Later in the afternoon at 3:30 o'clock the officers received instruction in the preparation of muster rolls.

Tomorrow instruction will be given in map reading and topography, rationing a company, and the care of the foot and other sanitary hints.

MANEUVER CAMPAIGN. A pre-

gram has been mapped out for each day of the week's school.

MRS. BUELH BATTLE MARTIN
"A beautiful woman, beaming with vivacity, and wonderfully talented, is Mrs. Buelh B. Martin. Contracts will soon be let for the reader and entertainer. Her stage appearance is magnetic, and her audience was interested from beginning to the end of the recital given in Montgomery."

Bo says a testimonial from one of Montgomery's leading women of the lady who is to present Madam Jarley's Wax Works at the High School Friday night under the auspices of the Episcopal church.

Mrs. Martin will not only appear as Madam Jarley in the play Friday night, but she will open the evening's entertainment with some choice readings which will be of an amusing and entertaining character.

A prominent man in Gadsden says: "I personally consider Mrs. Martin one of the greatest if not the greatest, entertainer in her line that I have ever heard in an experience which covers practically the whole of the entertainment field in the United States."

Again from Cuthbert, Ga.: "My special request Mrs. Martin gave 'The Old Dimey's Telephone Conversation' in which she can simply make the negro ashamed of him."

Mrs. Martin arrives in the city tomorrow morning and holds her first rehearsal tomorrow night at the High School. While here she will be a guest of the Walker House.

DEATH OF CARL REYNOLDS

Prominent Abbeville Young Business Man Dies Last Night of Congestion of the Brain.

Carl Reynolds, of Abbeville, died last night about nine o'clock after an illness of only a day or two. It is reported here that the cause of his death was congestion of the brain.

He was about 35 years old, and leaves a wife and five small children.

Mrs. J. A. Peterman, a sister of Mrs. Reynolds, went to Abbeville this morning to attend the burial.

PAPERS ARE FILED.
In corporation papers for the Southeast Alabama Fair Association were filed at the probate office late yesterday, and the fair management is now said to be well under way. Contracts will soon be let for the construction of the grand stand and other buildings at the grounds, committees having already been appointed.

"My dear Reginald, now that you've left college, you must really begin looking for some sort of employment."
"But don't you think, mother, it would be more dignified to wait till the offers begin coming in?"—Life.

HOW HUERTA HAS PREPARED TO DEFEND HIMSELF

Continued from Page One.

Many photographs received here show these press gangs at their work—actually stealing men from their homes and from the bosoms of their families. The Indians with their enormous hats, are seen marching in a hollow square of soldiers through the streets to the barracks where they are driven in to the recruit office to "volunteer."

When General Scott in the first Mexican war arrived just south of Mexico City and fought the battle of Molino del Rey, he found barricading his further progress an enormous task. Santa Anna had this erected by the Indians of the neighborhood. The Indians did not know why they had put up the barricade. They did not know what the quarrel with Santa Anna and "Yankees" was about. All they knew was that they were armies, marching around with banners flying and bands playing. So, it is related General Scott ordered these same Indians to tear down the barricades which they had just erected.

The Indians demolished their work for General Scott with as much readiness as they had put it up for Santa Anna. The Indians of today are little changed from those of 1847.

The tremendous importance of this indifferent attitude of the Indians is seen when one notes the division of races in Mexico as follows:

Whites, 10 per cent.
Mixed (mostly part Indian) 54 per cent.
Indians, 30 per cent.
Blacks, 1 per cent.

must have an older female along with them, and each organization appoints a chaperone and matron of honor.

The Sons of Confederate Veterans following in the footsteps of their fathers maintain organizations in every Southern State and hold their reunions on the same dates. They appoint sponsors and maids of honor.

The two organizations, closely allied, therefore, send to each Confederate reunion several hundred official ladies selected from the best families in the south.

Nothing to equal the annual reunion in the United States, unless it be the inauguration ball at the national capitol, now fallen into social desuetude.

Miss Corrine Hampton, of Columbia, S. C. has been appointed chief sponsor for the Confederate reunion by General Bennett H. Young, Commander-in-Chief of the United Confederate Veterans' Association. In so doing, he recognized one of the most famous families in the South. Miss Hampton is a daughter of Hon. H. McDuffie Hampton, of Columbia, and a granddaughter of the late Wade Hampton.

WANTED—Two or three furnished rooms for light housekeeping. Phone 55.

Illiteracy runs according to different accounts from 75 to 95 per cent. It is on the 15 per cent of whites that Huerta must put his principal reliance, although he is himself at least half Indian. There is small per cent of capable Indians like Huerta and the famous patriot, Benito Juarez. Many Indians joined the army of Villa armed with long bows and arrows, weapons which have been discarded by the aborigines of the United States.

But a great wave of loyalty to their beautiful country has been sweeping the large towns, where the more intelligent Mexicans live. At a mass meeting of Mexican citizens in Piedras Negras, five hundred volunteers were organized and armed to resist an expected invasion last week. In the district immediately surrounding Mexico City warlike preparations long have been going on to an extent undreamed of by most Americans. The shipment of 15,000,000 rounds of ammunition on the German steamer Ypiranga which was seized by Admiral Fletcher at Vera Cruz was undoubtedly meant for American heads—and it had taken some time to arrange for the purchase and despatch of these cartridges. Even without this shipment, Huerta's troops will not lack ammunition. There is a good ammunition factory at Chapultepec, a beautiful hill near Mexico City, which is the site of the National military academy, Mexico's "West Point."

Huerta has converted the boys of the Mexico high school into an armed brigade and had the girls organized as a uniformed Red Cross corps. He can also depend upon the brave boys of Chapultepec. The heroic youths of this famous school flung themselves recklessly in the path of General Scott's army in 1847 and were decimated. Scott's bold Americans were stirred to admiration by the way these young men from the best families in Mexico went to their deaths.

Huerta has, according to the best information of the United States war department, at present 42,701 regular soldiers available for field duty. These are scattered throughout the republic in various towns, and no single division at the outbreak of hostilities with the United States comprised more than 6,000. There were about 6,000 troops in the district around the capital and approximately the same number in the vicinity of Saltillo, south of Torreon.

There was said to be about 3,500 troops in Sonora, 2,000 in Sinaloa, 800 in Tepic, 6,000 in Jalisco, 1,100 in Colima, 4,500 in Zacatecas and 1,250 in Guerrero.

On the Atlantic Coast the forces, before the seizure of Vera Cruz, have been killed and thrown off a total of 1,250 in San Luis Potosi, 4,100 in Vera Cruz, and Ryan, said to be a member of the 1,000 in Puebla. In addition to these there were small detachments from the county jail last night in various southern states at the about 10 o'clock.

Huerta has not, it seems pitted

the flower of his army against Villa and Carranza. He will have a good nucleus for a defensive force if he concentrates his regular army in the vicinity of Mexico.

The results of other clashes between American and Mexican soldiers proves the Northerner is immensely superior man for man to the Mexican soldier. He has more intelligence, is usually in better physical trim and, if not braver, is possessed of a certain dash and enthusiasm which carries a long way. Besides the land forces enumerated, Huerta has an insignificant navy of which the fighting personnel consists of 1,200 officers and enlisted men. The whole Mexican fleet of nine vessels would not have the slightest chance against a single American warship of fairly up-to-date type.

In one branch of the service, according to some accounts, Huerta is superior to us. This is in aviation. Just how many aeroplanes and hydroplanes he has is not certain, but it is admitted his force is much more imposing than the pitiful exhibition the United States can assemble. The United States ranks in point of aeroplane equipment, twenty-third on the list of nations, being well down behind China, Belgium, Switzerland, Brazil, Argentina and Morocco. Huerta recently lost three aeroplanes in a fire which swept his hangars.

MAN ESCAPES FROM THE COUNTY JAIL

Held on a charge of illegally riding on a train and suspicion of having been connected with the death of a negro who is thought to have been killed and thrown off a Coast Line train recently. Ed J. Ryan, said to be a member of the "sons of rest" made his escape after shooting his father, by calling up the police and made no attempt to flee.

Ryan was arrested in Thomasville, Ga., and brought to Dothan several days ago.

SUPT. PEAGIN SENDS LETTER TO TEACHERS

Montgomery, Ala., May 4, 1916. To the Teachers of Alabama: As the time draws near when your schools will close, I am wondering what plans you are formulating for vacation time. Will you spend it in idleness, or in an effort to improve yourself for your work? Think what your answer will mean to the bright-eyed boys and girls who will greet you at the opening of school next year.

The public is demanding more and more of the school. Efficiency is certainly becoming the universal requirement in your profession. To be efficient, the teacher must be familiar not only with the subjects he is to teach, but also with the most approved methods of teaching them. Splendid summer schools will be conducted this year at the University, the Polytechnic Institute, the Normal Schools, and elsewhere. Will you not make your arrangements to attend one of these schools? The cost will be modest, the advantage great and promotion will come in due time.

Very truly yours,
WM. F. PEAGIN,
Supt. of Education.

New York, May 5.—General William Duryea, millionaire manufacturer, veteran of the civil war, was shot to death by his son, Chester, in his mansion in Brooklyn this morning. Motive is unknown.

"I was justified," was the only statement the son would make. The dead man was president of the National Starth Company, and was prominent in business and society. Chester, who is forty-two years of age, is believed to be unbalanced. After shooting his father, he called up the police and made no attempt to flee. He has escaped several times.

Only \$2.50 for this pre-shrunk wash skirt

(Made in the Home of Woolltex)

By "pre-shrunk" we mean that the material in the full piece was shrunk before being cut.

This means that this skirt will hold its shape and retain its fit when you send it to your laundry.

The fact that the skirt was made by the makers of Woolltex coats and suits is a guarantee of its style correctness and honest materials and workmanship, although of course it does not bear the label because the Woolltex label does not appear in garments made of washable materials.

WEARERS OF THE GRAY ON WAY TO REUNION

(Continued from Page 1.)

The indications now are that three strong delegations will be in Jacksonville to compete for the next reunion of the Confederates. Richmond, Va., and New Orleans are already organizing their forces for the contest, and letters have been received from Waco, Tex., indicating that that city will be in the fight also.

The champions of Richmond have as one of their best campaign cards the fact that the Confederate Memorial Institute, of Battle, Baboy, will be ready for dedication next year, and they are urging that the anniversary celebration be held during that time.

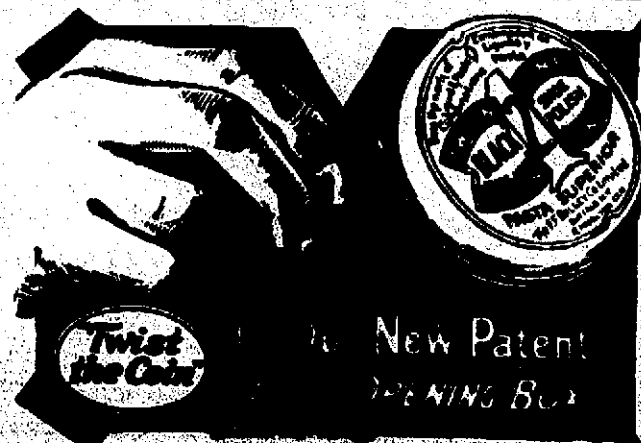

ing the Confederate Reunion. The calling together of the United Confederate Veterans is the signal for the mobilization of all the fairest daughters of Dixie Land.

Along with Confederate Veterans will come sponsors and maids of honor from all parts of the South. The reunion of the veterans has turned into a great social occasion. The belles of Dixie will be out in force.

The sponsors and maids of honor are the official ladies of the meeting and are entertained as such. The entire South unites to do honor to them when they come.

Twenty odd years ago a Mississippi camp of Confederate Veterans appointed Miss Winnie Davis daughter of Jefferson Davis, sponsor at a reunion. Miss Davis, in turn, appointed a couple of her young friends to be her maids of honor.

This incident, intended at the time as a temporary honor for the family of Jefferson Davis, became a custom, and now every organization in the United Confederate Veterans' Association appoint sponsors and maids of honor. The young ladies

RACE FOR CONGRESS

Well Known Dutchman Attorney Will Make Race from Third District For Clayton's Place—Formal Announcement Later.

Hon. B. G. Farmer of this city will make the race for Congress from the Third Congressional District, to succeed Judge Henry D. Clayton, who was recently appointed federal judge of the middle district of Alabama.

Mr. Farmer had entered the race some months ago, when Clayton announced that he would not be a candidate for re-election from this district, and made most of the counties in the district, and met with much encouragement.

The friends of Mr. Farmer thought this the proper time for him to make the race, and they are in behind him from this section of the Wiregrass.

Mr. Farmer hasn't made his formal announcement, but it will be sent to the various papers in the district, together with his platform, some time next week, and when the date of the primary is set he will enter into a most active campaign for the nomination.

Mr. Farmer has expended much energy and time, helping his friends in elections, but this is his first attempt for an office. By training, he would make a good man to succeed Clayton. He is a strong lawyer, a pleasing debater, and just in his prime.

William R. Hall

On the eve of the gathering in annual reunion at Jacksonville of his remaining comrades who wore the gray, William R. Hall passed away last night at the home of his son, E. C. Hall, on North Alice street. Mr. Hall had been ill only a few days and death resulted from general debility due to his advanced age. He was born in Millidgeville, Ga., September 15th, 1835, and moved to Alabama when a young man. He served in the war as member of Company A, 6th Alabama Regiment. He is survived by his widow, and five sons, W. T. Hall, S. T. Hall and E. C. Hall of this city, and J. P. Hall of Littleton, and G. C. Hall of Montgomery, a sister, Mrs. S. E. Chitty of Abbeville and a brother, R. F. Hall of Henry County.

Mr. Hall was of a sweet spirited, kindly nature, beloved by all, especially The Eagle employees by whom he was lovingly called Grandpa, and next to the home circle his social presence will be missed greatest by the boys who make The Eagle.

Burial will take place tomorrow morning at 9:30 o'clock from the residence of E. C. Hall and interment will be in the city cemetery.

WORKING ON REPORTS.

County Superintendent of Education John M. Odum was busy today making out reports which he will submit to the State Superintendent of Education and Gov. O'Neal.

Editor The Advertiser:

I note from your Sunday's issue that you published my communication, calling on you for proof as to any law passed by the Comer Legislature—exempting cotton mills from taxation in Alabama. To my mortal surprise, when I had you completely hemmed, in order to extricate yourself from the very embarrassing situation in which you had been placed by your misstatements about this matter, you deliberately cite me an old statute that was passed by the Alabama legislature in 1893, later amended in 1901, and brought down to us as many other old laws are brought down and placed in the new code every ten years.

You cite me to see page 2962 Code 1907, and publish what you assert to be the law passed by Comer. You failed to tell your readers that the law could also be found in the acts of the legislature of 1901, and with the exception of some slight changes made by the said legislature of 1901, the same law could be found in the old code of 1896. The mere fact, Mr. Sheehan, that a law can be found in the Code of 1907 does not mean that the Comer legislature of 1907 made that law. I will tell you this for your information. So far as that is concerned we find the Articles of Confederation, the Act of Establishing Alabama Territory. The Ordinance of 1787, the Act for Admission of Alabama to Statehood, the state Constitution of 1878, of 1861, 1865 and so on, and in fact many, many laws that were laws in Alabama before you or I were born. Do you mean to say that merely because a law happens to be found in the Code of 1907 that Mr. Comer "died" the law? Go way back, Billy Sheehan, and have a seat.

In the Acts of the legislature of 1892-3, page 855, we find the following law: "To encourage the Building and Operating of Cotton and Woolen Factories in the State of Alabama: Section one. That for the purpose of encouraging the building and operating of factories for the spinning of thread, yarns and the weaving of cloth and other fabrics of cotton and wool in the state, the court of county commissioners of any county or the constituted authorities of any city or town in which it is proposed to locate such factories shall be authorized and empowered to remit the taxes assessed on such buildings, factory, machinery, used therefor, or land upon which factories or buildings are located, for all county or city purposes, for a period not exceeding five years from the date of incorporation." (Acts 1892-3, page 855, Section 2 of this same law, as you say "tells cotton mill operators how to go about the pleasant work of getting this special favor from the County or town." You find this same law in the code of 1896, page 1071, Section 1903. The law as originally passed was by the legislature of 1892-3, as aforesaid, of date of Feb. 21.

On the 5th day of March, 1901, the legislature amended the above act so as to make it read as follows: "Be it further enacted, That Section 1903 of the code of 1896, be amended so as to read as follows: That for the purpose of encouraging the building and operating

Our great country has never yet issued a call in vain for soldiers. Of arms, and of heroes, poets sing, and at the call of the drum and the bugle the merchant locks his doors and the farmer lays aside his plow.

For next Monday our Great State has issued a call. There will be a battle of ballots.

We know that it was for the ballot that our fathers endured hardships and toil and bloody war; that desolation spread its raven wings over the fair land and sorrow sat in tears. But the flag of our country is honored among nations and we know that it stands for liberty and for all that is fair and right. We believe that the Star Spangled Banner will wave over the land of the free and the home of the brave until its message of equal rights to every man has been heard in the far away isles of the sea, and no longer shall bend their backs to the arm of tyrants.

How are we going to use that ballot? Shall we listen only to the voices of slander and misrepresentation, and tighten the cord ourselves that

ing of factories for the spinning of thread and yarns, and the weaving of cloth and other fabrics of cotton and wool, in the state, and plants for the purpose of building ships, the court of county commissioners, or other court having like jurisdiction, of any county, or the constituted authorities of any city or town in which it is proposed to locate such factories or such plants for the purpose of building ships, are authorized and empowered to remit the taxes assessed on such factories and such shipbuilding plants, and on all buildings, works, machinery, and other equipment thereof, and upon the lands upon which the ship building plants and such factories or buildings are located, and also on all the capital stock of every such ship building plant and factory, for all the county or municipal purposes, for a period not exceeding five years from the date of the incorporation of such factory or ship building plant." Acts 1900-1, page 211.

Now, sir, when I call on you to cite me to the page of any Alabama book showing where B. B. Comer had any laws passed by his legislature, exempting cotton mills (or factories) from taxation you dig up this old statute as is plainly shown when you cite to me the following section of law to be found on page 842, Section 2962, Code 1907, which is an old law, brought down like many other laws, to-wit: "Section 2962. (3308) Exemption of Cotton Factories from County and Municipal Taxation. For the purpose of encouraging the building and operating of factories for the spinning of thread and yarns, and the weaving of cloth and other fabrics of cotton and wool in the State, and plants for the purpose of building ships, the court of county commissioners, or other court having like jurisdiction, of any county, or the constituted authorities of any city or town in which it is proposed to locate such factories or such plants for the purpose of building ships, are authorized and empowered to remit the taxes assessed on such factories and such ship build-

ing plants, and all buildings, works, machinery and other equipment thereof, and on the lands upon which such ship building plants and such factories or buildings are located, and also on all the capital stock of every such ship building plant and factory, for all county or municipal purposes, for a period not exceeding five years from the date of the incorporation of such factory or ship building plants." Thus have I gone to the section of law cited by you and by reading same find it to be the same law, word for word, as the old law as passed first by the legislature in 1893 and later amended and put in its present form in 1901. "It is really a shame to take the money, but the gentlemen inside vehemently, on, having the facts at hand, we yield and agree to feed them to him." And you did feed them to me. You furnished me anything but facts. Even in the Section (2962) which you referred me to, you actually misquoted that, in that you place in parenthesis (that's for Mobile) in speaking of ship building plants, and which you had no right to do.

I now renew my challenge to you to show a line of law under the Comer's administration exempting cotton mills or factories. (Being a lawyer will not try to take advantage any technicality) from taxation. Since you talk about money in the matter, I now offer you fifty dollars if you will find or cite me to a law in any Alabama law book showing where Comer exempted cotton mills or factories from either state, county or municipal taxation.

I now authorize and empower you, Billy, to hunt up such a law. But I fear you will make a bad job of it. I am sure that if you were to go out to hunt a cow you would never find the animal unless the critter had on a big bell and a big red lantern tied to her tail.

Very respectfully,

B. C. GLOVER.

G. C. Hall, of Montgomery, arrived this morning on the 10:30 train, and his brother, J. P. Hall will arrive from Birmingham, tonight.

to farm better; he stands for education; he stands for taking care of the old soldiers; he stands for more humane treatment of convicts; he stands for fair and just freight rates. He believes that a dollar in Alabama should pay as much freight as it does in Georgia. He believes that it is right to encourage the building of railroads, but he believes the people of Alabama should govern the state and not the people of Louisville, Ky., and Nashville, Tenn. He may be wrong. Do you think so?

Mr. Comer believes in the Wiregrass, for the Wiregrass and for the State. He does not believe in the Wiretrass for the railroads and the corporations.

We do not know why the railroads and other corporations want Mr. Henderson, but we do know why they do not want Mr. Comer. The railroads have been playing ball with the people of Alabama for the last three years, and the people have had to take the field but when Mr. Comer is elected the people will be at the bat for there will be a new umpire.

GRAND JURY HAS A BUSY WEEK

At the court house today a committee from the grand jury inspected the books of some of the county officials, and will probably before the day is over visit the county jail and the pauper's home on a tour of inspection.

The grand jury has had a busy week, examining many witnesses, and it seems to be the public belief that a large number of indictments will be returned, although no positive information along this line is obtainable until the jury reports to the court.

There is some doubt as to whether the grand jury will complete its deliberation today, the belief existing that it will take more time to finish the work on hand.

PICK UP PART OF BURNED STEAMERS CREW

(Special to The Eagle.)

Halifax, N. B., May 9.—Capt. John C. McDonald and thirteen of crew of the burned steamer Columbian were picked up today by the Steamer Manhattan. This brings the total rescued to twenty-seven. The third boat with sixteen others of the Columbian crew still unheeded from. Wireless in flashing messages to outgoing and incoming vessels to search for it.

If the boat is not found in a few hours it is believed the men will perish from exposure. The Manhattan will land her rescued at Antwerp.

Mrs. Ed Kirkland, of Abbeville, came down this afternoon.

ARTILLERY ON WATER WORKS

(Special to The Eagle.) Washington, May 8.—General Funston wired the war department from Vera Cruz that Mexican are concentrating twenty miles west of that city and have trained artillery power will soon be broken. Federal troops are being withdrawn from the south to oppose this activity is evidently in anticipation of advance on Mexico City by the rebels and anarchy is expected to break out.

Nothing between rebels and federals continues at Tampico. Admiral Mayo wires that the rebels have reinforced and are attacking the city sharply but battle has not been decided.

Mediators continue in efforts to get Carranza to participate, but have little hope. Bryan's announcement this morning that the United States had not named conference leaves mediation practically where it was.

Denver, Colo., May 8.—When the legislature met today tense feeling was evident. Trouble between administration and anti-forces is expected to be brought to a head when Senator Tierney introduces a resolution demanding that the state seize coal mines, which are nearly all on state lands, and exonerating the governor.

Another session is expected when Mrs. Lafferty reports the result of the committee's investigation of Ludlow burnings. The report charges militia with cold blooded murder and holds the governor responsible.

FRANK AGAIN IS DENIED A NEW TRIAL

(Special to The Eagle.)

Atlanta, Ga., May 8.—Judge Hill this afternoon denied a new trial for the captured Ohio battle flag, Lee Frank. The court then granted a bill of exceptions on which yesterday's decision and the case may again be taken to the Supreme Court.

ATTACK ON TAMPICO TODAY

(Special to The Eagle.) Vera Cruz, May 8.—With reinforcements the rebels are attacking Tampico and marching on Saltillo. Huerta's forces will soon be broken. Federal troops are being withdrawn from the south to oppose this activity is evidently in anticipation of advance on Mexico City by the rebels and anarchy is expected to break out.

24TH. CONVENTION U. C. V. CALLED TO ORDER TODAY

Jacksonville, Fla., May 8.—Twenty-fourth annual convention of the United Confederate Veterans was called to order at ten-thirty in Carolina Hampton Auditorium by Commander Daniel, of Lee Camp, Jacksonville.

The address of welcome was made by Governor Trammell. The city is overflowing, Camp Kirby Smith entertaining five thousand veterans and two thousand were expected. Sixty thousand veterans are already here and thirty special trains are on the way.

Alabama veterans will tonight re-tell the captured Ohio battle flag. Lee Frank. The court then granted a bill of exceptions on which yesterday's decision and the case may again be taken to the Supreme Court.

W. R. CHAPMAN, UP DOTHAN, W. W. NEWBERRY IS FOR COMER
FOR CHANCELLOR

Received 2,595 More Votes in First
Primary Than His Nearest
Opponent.

Hon. W. R. Chapman of Dothan,
who was one of the candidates for
Chancellor of the Southeastern Divi-
sion in the April Primary is one
of the two candidates to be voted
for in the primary of May 11.

The vote for Chancellor in the
April primary was Chapman 12,-
928; Canale 9,331; Rushton 8,567.
The run-off in May is between Mr.
Chapman and Mr. Canale. In the
April primary Mr. Chapman lacked
approximately 2,500 votes of re-
ceiving a majority. Mr. Chapman
received 3,595 more votes than Mr.
Canale. Mr. Chapman carried his
home county, Houston, by a major-
ity of 1,608 votes.

The lawyers of the counties of
Houston, Geneva, Henry, Pike, En-
cumbia, Butler and Covington have
endorsed Mr. Chapman's candidacy.
In the remaining counties of the Di-
vision a majority of the lawyers are
supporting him. Among the emi-
nent jurists who are supporting his
candidacy are Hon. John R. Tyson,
Ex-Chief Justice of the Alabama Su-
preme Court and Hon. Thomas M.
Espey, the present Chancellor.

Mr. Chapman was born at Elba
in 1880 and has spent his life in
the counties of Coffee, Pike, Geneva
and Houston. He is the son of the
late Dr. W. H. Chapman who
practiced medicine in the counties
of Butler, Crenshaw, Coffee, Pike
and Geneva for more than twenty
years.

Mr. Chapman is a home man,
public schools of the state and at
the University of Alabama. He be-
gan the practice of law in 1908. He
has a large practice and is recog-
nized as one of the ablest lawyers in
this section of Alabama. He is of
unimpeachable character and is a
leader in civic and religious move-
ments.

Mr. Chapman is a home man.
He's a good lawyer, and ran away
ahead of his nearest opponent for
Chancellor in the April primary.
Every citizen in Houston county
should remember this and mark the
name of Mr. Chapman on the ticket
Monday.

MORE ROAD CREWS NEEDED.

Wicksburg, Ala., May 2, 1914.

I want to say something in The
Eagle about the road situation in
this county.

As matters now stand, we have-
n't any roads in this county with
the exception of those built from
Columbia to Dothan, Cottonwood to
Dothan, and about ten miles run-
ning this way, and another down
to Taylor. Those roads are good,
and I have no complaint against
them, but there are hundreds of
people living off these roads, who
get no benefit from them.

The trouble seems to be, the
lack of road funds, or equipment.
I am in favor of putting a crew
in each commissioners district in
the county, and allowing them to
work where directed by the com-
missioners, so that all of us can
have some roads. It is an injus-
tice as it is, to tax all the people
for good roads, when only a few
are getting the benefit of them.

There ought to be some plan by
which three other crews could be
put on the roads.

Gardner, Greene says O'Neal put
the double primary over to beat
"Old Comer." The single primary
was good enough before.

I am for Comer, because I be-
lieve Comer's administration was
good for Alabama, better than any
since the Civil War. Before Comer
the old soldiers got about \$25 a
year, and Comer's administration
made it about \$75, and sent them
quarterly, instead of waiting all
the year for it.

The public school terms were in-
creased two to three months. I am
for Comer, and believe every old
soldier should be for him.

He did more to get the railroads
to reasonable terms than was ever
done before or since.

He says that if he is elected he
will abolish the back tax commis-
sion. I believe he will do what he
promises. He has always done it.

We can't expect much from the
other man. He is untried. Comer
is known to be for the masses as
against the classes.

If you vote against Comer don't
cuss the railroads for higher
freight rates.

Mr. Comer wouldn't have made
the compromise with the railroads
that Henderson made, whereby the
people lost \$3,000,000.

I want the capitol moved back to
Montgomery, from Louisville, and I
hope every former populist in Ala-
bama will do like I am going to do
—vote for Old Comer.

class as to make a friend of every
patient. His examinations are
thorough. He promptly goes in-
to the seat of the trouble. If you
do not need glasses you will be so
advised, and if you do you will be
given the lenses your eyes need.

Dr. Marrow invites those who
have glasses that do not give them
comfort to come to him for an ex-

There are many people in Dothan
who are wearing glasses that will
eventually seriously injure their

FALSE ISSUES

Henderson says Avondale is the voting place of Comer's mills. Avondale mill employees do not vote at Avondale, and besides there are only sixty-two all told, but he is trying to talk about anything else except the surrender.

If such as this has any political value, why doesn't he tell you that at Sylacauga, where there is a Comer mill, the following vote was cast:

Comer	246
Henderson	29
Kelb	63
Reed	21

Then at Etowah, where there is another Comer mill, the vote was:

Comer	383
Henderson	94
Kelb	57
Reed	5

Or at Comer, Alabama, his old home, where he is engaged in farming at present, thirty-seven for Comer and none against. These are not the true issues, but it is anything to talk about but the rate surrender.

He is telling the farmers that Comer, while Governor, had accepted cotton mills. This is not true. Governor Jinks, now Henderson's campaign manager, signed such a law which expired during Governor Comer's administration, and he made no effort to renew it.

Why didn't he tell the real truth, that it is water power plants that are accepted, and he owns one at Etowah. He is asking the farmer if his farm is accepted. Mr. Farmer ask Mr. Henderson about his water power plant. No cotton mill in Alabama is accepted.

He told you that Comer had voted all child labor laws. The truth is that under the Comer administration the best law of any southern cotton mill state were passed. See the Code of 1907.

Another attempt to cover the real issue:

He is advertising all over the land that Governor Comer had one of his special legislatures reduce the rate on coal to Sylacauga to fifty cents for himself only. He knows that this is not true. That the fifty cent rate is for steam coal for all people. That the seventy cent rate is for domestic coal for all people, and that these rates were in effect long before Governor Comer ever owned a mill at Sylacauga.

How long will we permit candidates for the office of Governor to use such methods in their effort to attract attention from the real issues? They are but attempts to try to make you forget the rate surrender.

REAL ISSUES

Henderson's idea of peace is a quiet talk with L. & N. attorneys on the inside and the State's attorneys on the outside.

More than three millions of your money was the price.

Do you think there would have

been any such peace if Selheimer and Weakley had been there.

Comer's settlement with the railroad in 1907 took out from under the Federal Court's jurisdiction and put in effect a two and a half cent passenger rate on the Southern and the A. O. S. M. & O., I. C., Frisco, A. B. & A., S. A. L., and the A. C. L., also the Georgia freight rates on one hundred and ten articles of most common use, which rates have been in effect seven years and saved the people already over six million dollars and will be a saving for all times to come.

Henderson's and O'Neal's surrender, "cowardly surrender," Selheimer says, gave away your just claims for excess freight and passenger charges against the L. & N. and allied lines, easily three million dollars not including attorney's fees and court costs and brought you nothing. The two and a half cent passenger rate had already been ordered in by the Federal court and the old freight rates are still in.

For seven years Alabama has employed Messrs. Weakley and Selheimer to prosecute her claims of over three million dollars against the L. & N. railroad and just as victory is won, as Mr. Henderson himself admits, he calls in behind closed doors the attorneys of the opposing interests, secretly, and without the knowledge of his own attorney, surrenders the accrued rights of shippers and passengers for seven years passed and then poses as a peaceful business candidate.

Is it a wonder that he has a large campaign fund? Is there any doubt as to who furnishes it?

This is the issue, all this other is the L. & N. way of trying to make you forget the real issue.

Help us move the capital from Louisville back to Montgomery. Help us to make the L. & N. obey the laws of Alabama and serve you at the same price charged by the Southern and other friendly roads.

Did you know that when O'Neal and Henderson surrendered Alabama's claims against the L. & N. railroad that they also carried down Tennessee's claims in the wreck, for our sister state was resting her claims with Alabama's depending upon our honesty for her protection.

Governor Comer promises that we will move the capital back from Louisville to Montgomery; that there shall be no increase of taxes upon the people of the State; that the office of county back tax commissioner shall be abolished; that the affairs of the people shall be managed in a business like manner, free and open and not secretly and behind closed doors.

That the state's revenues shall be invested for the benefit of the entire people, not forgetting the old soldiers of '61 nor the schools which are so important if we are to grow and prosper.

That a better road system shall be attempted with the county convicts employed as fast as the county revenues will permit.

Certainly no man can be elected Governor of Alabama who surrenders the rights of her people to the L. & N. railroad and then attempts with this co-conspirator to divert the attention of the intelligent voter from the true issues.

Do you want O'Neal, the L. & N. Charlie Lewis and Frank Glass to name your Governor?

For the sake of harmony, Judge de Graffenreid withdrew in favor of Judge Mayfield, the high man, for Supreme Court. Mr. Jas. H. Nunnelee retired in favor of Mr. Purifoy for Secretary of State; and now today, Mr. Brooks Smith, with only 2,000 votes less than Mr. Lancaster, quits the race for state treasurer. Mr. Henderson, the man of peace, although 12,000 votes behind Mr. Comer, continues the turmoil, agitation and expense.

UNDERWOOD SUPPORTERS

DAILY TO COME.

The interview published in Friday's Journal with Henry B. Gray, former lieutenant governor, showing that numbers of Oscar W. Underwood's district managers in the recent campaign, were outspoken for Comer against Henderson has proved a bombshell in the Henderson camp.

Mr. Gray's statement showed that Percy Johnston, state campaign manager for Underwood, will vote for Comer; that Mr. Underwood's manager in the first district, Mr. Harry T. Hartwell, was also a Comer supporter.

In the third district Judge N. D. Benson who handled Mr. Underwood's campaign is also out for Comer.

In the fourth district Kelly Dixon who managed Mr. Underwood's campaign is also for Comer.

In the fifth district State Senator J. D. Norman another Underwood manager, is working for Comer.

W. P. Lay, Underwood's manager in the seventh district is for Comer. M. V. Joseph, manager for Mr. Underwood in the ninth district is for Comer.

Claud Hamilton, of Butler, an Underwood manager and supporter, whose attitude Mr. Gray was in doubt, is out for Comer.

Mr. Gray goes on to show that in Birmingham the staunchest supporters of Underwood are lining up for Comer, including Murray Brown, the president of the Young Men's Club, John Sibley, B. F. Moore, Walker Percy, John W. O'Neill, Culpepper Exum, General Rucker, W. M. Drennon, W. P. G. Harding, W. B. Harlan and Frank W. Smith. All these gentlemen were staunch Underwood men and are now openly supporters of Governor Comer.

R. E. L. Nell, assistant campaign manager for Mr. Henderson, in an interview does not deny that these gentlemen are working for Mr. Comer, neither does he deny that Percy Johnston, state manager for Mr. Underwood, is not a Comer man but since Mr. Nell expressed doubt as to where he stood, Mr. Johnston prints a card saying he would vote for Comer.

The Underwood leaders in many of the districts over Alabama who looked after the successful campaign of Mr. Underwood, are using their best talents in behalf of Governor Comer.

It is impossible to stem the Comer tide, and the fact that many of Underwood's supporters are flocking to his standard has thrown the Henderson camp into consternation and has sent cold shivers down the spines of the Henderson leaders.—Montgomery Journal.

The Southern Railway and other friendly roads haul one ton of fertilizer for 90c, while the L. & N. charges 21c. Why should they be? The Southern hauls 100 pounds of potatoes for 9c, while the L. & N. charges 11c. Why should they be allowed to do this. Ask O'Neal and Henderson. There are 110 comparisons like this.

STATE OF ALABAMA,
MONTGOMERY, AT THE CAPITOL.

I, C. D. Smith, State Auditor, hereby certify that the above and foregoing figures are true and correct as shown by the Auditor's books of the disbursements under the Comer and O'Neal administrations, showing the exact amount each spent as Governor Comer for four years and Governor O'Neal for three years. Given under my hand and seal of office, this 29th day of April, 1914.

C. D. Smith
State Auditor.

From the above figures certified by the State Auditor we find that Governor Comer spent during his administration as Governor \$21,030,161.52, or an average of \$5,357,539.28 for each and every year while in office. It shows that Governor O'Neal spent as Governor for the THREE YEARS he has been in office \$19,679,635.87, or for each and every year while in office \$6,559,877.96. O'Neal's annual disbursements \$6,559,877.96. Comer's annual disbursements \$5,357,539.28.

Thus showing the excess of O'Neal's disbursements over Comer's to be for each year and every year he has been in office the SUM of \$1,300,707.71, which makes O'Neal's excess for the three years the total of \$3,921,123.13.

This \$3,921,123.13 EXCESS disbursements of O'NEAL over COMER, divided by 365 DAYS in a year shows the average DAILY EXCESS expense of O'Neal's administration over COMER'S administration to be \$10,742.83.

Every dollar disbursed during the Comer administration is accounted for and was expended for some useful purpose. Mr. Henderson condemns this, but approved the O'Neal expenditures, waste, extravagance and all.

Governor Comer left \$975,000 in the treasury, as reported by the committee of the O'Neal Legislature, who went there and counted it. In spite of this Governor O'Neal has been complaining of bankruptcy ever since he got a chance at the treasury, and began to spend the public money at the rate of \$18,000.00 A DAY.

DEFEAT OF COMER WOULD BE CALAMITY

THIS IS OPINION OF BUSINESS MEN OF BIRMINGHAM—ENDORSE COMER IN STRONG RESOLUTIONS.

Wholesale Merchants and Lumber Men Add Their Voice to the Swelling Comer Chorus.

The following are the resolutions signed by leading business men of Birmingham calling upon all of the business men of the State to work for and support the candidacy of B. B. Comer for the governorship:

"Believing that it is to the best interest of the State of Alabama that there shall be an era of peace and business activity, and that its affairs should be handled by a thorough and trained business man, one that is a success in private life and who has demonstrated by his administration that he is competent to again handle the affairs of Alabama in a business way, and who will inspire confidence in the business world, attract capital and labor to Alabama, and who will see that all classes and business interests have a fair play in every way; therefore, be it

"Resolved, that the Business Men's Comer Club, composed of members from every class of business men, most heartily endorse former Governor B. B. Comer for Governor, and urge the people of Alabama to give him their vote and support in the coming primary."

COAST LINE HAS HUGE NEW ENGINES

The Atlantic Coast Line railway has recently installed a number of huge engines on the Montgomery district, the first to be seen in Dothan passing through this morning, followed by one that pulled the 7:20 train this afternoon.

The engines are nearly twice as large as those heretofore used for passenger trains on this district. Heavy freight engines will also be installed next week.

Three special trains over the Coast Line, carrying Confederate Veterans to the reunion at Jacksonville, passed through the city last night and this morning. Three more specials are due to pass thru Dothan tonight.

FISHING GETTING IN YOUR MIND?

Many people love to fish, and would spend a few days catching fish if they knew where to go. Idlewood (on the Dead Lakes) is one of the best fishing points in Florida. Many people of Dothan have been there. Ask them—

How is the fishing?
How are the accommodations?
What kind of boats do they furnish their guests to fish in?

How could you reach the place?
The rates at the Idlewood Hotel and Cottages, is \$10 a week, which includes fishing tackle, boats, etc., for fishing.

You can leave here over the Day Line at 9:15 and get to Idlewood at 2:30 via Marianna, same evening. Or, you can drive through in automobile in about six hours, as the roads are good all the way.

No where can you get a week's good fishing for such a small outlay of money.

THE HUNTING HOURS.

How often the thought comes home to me, As the moments hurry away, Of the many things I intend to do, Somewhere, sometime, some day. There are promises that have not been kept. Though I always meant to be true, But time is too short for all things That a body intends to do. I will answer a letter, or read a book. I will write a bit of rhyme, I will do the things that I ought to do. Some day when I have time. So I look beyond, as I hope and plan.

BIRMINGHAM STOMACH SUFFERER CONVINCED BY THE FIRST DOSE

M. E. Delays After Suffering for Two Months from Serious Stomach Trouble, Finds Quick Relief. M. E. Delays, of Birmingham, Ala., suffered from an acute stomach trouble for months. He went to doctors and got only a day or two of relief. He is head of Delays' News Agency, and his main duty meant that he and his business officials were ever becoming more and more nervous. He read an advertisement for Dr. Williams' Wonderful Stomach Remedy. Now read what he says: "I received your trial treatment and I used it according to directions. I am at a loss to say how you have much good done for me. I feel like a new man. I feel like a new man. I feel like a new man."

For the days that are just ahead While the day that is here goes in to the grave, With its opportunities dead. Today is the only day we have. Of tomorrow we cannot be sure. To seize the chance as it comes along is the way to make it secure. Novel Idea For Club Directors

Chairman Chester Newton, of the Board of Governors of the Young Men's Club of Dothan, has issued a call to the members of the board to meet Thursday afternoon at 6:00 o'clock sharp at the Masonic Hall to hear an interesting and novel proposition.

"I want every member of the Board of Governors to be present if it is possible for him to do so, for the proposition which will be submitted is a novel one and bears on the work we have before us," said Mr. Newton. "As well as being a novel idea it is very important and if accepted is one which needs being worked upon immediately."

FOR DELICATE CHILDREN. A Mother's Letter to Mother Mrs. E. W. Cooper of Bloomfield, N. J., says: "My child, seven years old, had a bad cold and was weak, and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child; breaking up her cold quickly and building up her strength besides. I have also found Vinol a most excellent tonic for keeping up the children's strength during a 'flee of whooping cough.' Vinol is a wonderful combination of two world-famed tonics—the medicinal body building elements of cod liver oil and iron for the blood. therefore it is a perfect safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones. Therefore we ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on our guarantee. N. H. McCallum, Drug Store, Dothan, Ala. P. S. Our Sage Salve is truly wonderful for Eczema. We guarantee it unless it cures it."
